SUMMARY

Aspiring Frontend Engineer with hands-on experience building responsive, user-focused web interfaces using **HTML, CSS, and JavaScript**. Strong foundation in modern web practices, API integration, and UI interactivity. Proven ability to collaborate across teams, translate ideas into practical solutions, and deliver clean, usable interfaces. Currently upskilling in **React** to build scalable, modern web applications.

SKILLS

Technical Skills: HTML5, CSS3 (Flexbox, Grid), JavaScript (ES6+), Responsive Web Design, DOM Manipulation, REST API Integration, Basic Git & GitHub, Local Storage
Soft Skills: Communication, Adaptability, Problem-Solving, Team Collaboration, Leadership, Creativity

EXPERIENCE

PhysicsWallah — *Career Coach Trainee*   Bengaluru, Karnataka | Feb 2025 – May 2025
- Collaborated with the Career Excellence team to design and deliver structured, practical learning sessions, increasing student engagement by **60%**.
- Conducted hands-on workshops translating theoretical concepts into real-world applications.
- Mentored students one-on-one at the IOI Center, accelerating learning outcomes and improving student confidence.
- Strengthened communication and stakeholder management skills by working with diverse learner groups.

PROJECTS

Portfolio Website *(Personal Project)*   *live demo* | *Github*
- Created a personal portfolio website to showcase my frontend projects and skills.
- Built with **HTML**, **CSS**, and **JavaScript,** fully responsive for mobile and desktop both.
- Added sections for projects, tech stack and contact links to highlight my developer profile.

To-Do List Web Application with Local Storage *(Personal Project)*
- Built a task management application enabling users to **add, edit, delete, and complete tasks**.
- Implemented **localStorage** for data persistence without backend support.
- Added task filtering (All / Completed / Pending) to improve usability.
- Designed a clean, responsive UI focused on clarity and ease of use.

Weather Dashboard Web Application *(Personal Project)*
- Developed a real-time weather dashboard using **HTML, CSS, and JavaScript**.
- Integrated **OpenWeatherMap API** using Fetch API to retrieve and display live weather data.
- Implemented input validation and handled API error states to improve reliability and user experience.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
National Institute of Technology, Arunachal Pradesh
2021 – 2025 | CGPA: 6.3

POSITIONS OF RESPONSIBILITY

Cultural Secretary, Student Association of NIT (SANIT) | **2023 – 2024**
- Led cultural initiatives and coordinated institute-level events.
- Managed cross-functional teams and logistics for student activities.

ACHIEVEMENTS & CERTIFICATIONS

- **Winner**, Solo Singing Contest – *Atulyam 2024* (Institute Cultural Fest)
- **Web Development Certification**, Yhills – 2024
